

En este documento va a encontrar las bolas de helado, los barquillos y las cestas. Todo debe imprimirse y recortarse en cartulinas, de ser posible plástiquelas para que le duren más. Dejo una foto de los helados como muestra. Hay bolas de helado sin sabores para añadir nuevos sabores.

Además están las tarjetas de roles (heladero y cliente) y las tarjetas para escribir el precio, yo las imprimo en cartón y las doblo por la mitad para que se queden paradas y en ellas se escribe el precio o se los entrego yo para que sea más rápido.

Por último están las fotocopias 1 y 2 que se mencionan en la actividad.
